I feel very proud to say that Indian Fashion Academy is the only fashion institute in Maharashtra to start its Courses in Marathi Medium. I would also like to take this opportunity to thank thousands of students from all over Maharashtra and India who supported this revolutionary movement in the fashion Industry. Now after so many years when I see my Marathi students doing there best in the fashion industry I thank god for making me help them.

I attribute the success of Indian Fashion Academy to the professionalism of lecturers and our commitment to producing top students who are able to find employment in the industry at all levels. The success of our students locally and abroad is a sure gauge of the quality and standard of our courses.
