MESSAGE FROM
CEO  RAKHI RATHOD

It gives me an immense pleasure and great opportunity to introduce Indian Fashion Academy.

Indian Fashion Academy established in the year 2001, is currently running Under Graduate (UG) Programme, Post Graduate (PG) Programme and Diploma Programme in Fashion Designing, Interior Designing & Beauty Cosmetology. The department has experienced, eminent and dedicated faculty to guide and mentor the students’ fraternity. The curriculum is designed for benefit of students and focused on outcome based education (OBE) pattern, with an ease of modifying and updating the syllabi of the courses as per the need and upliftment of the society/industry.

We take its fullest efforts for industrial visits, expert talks and training programmes for students and faculty to keep abreast their knowledge and skills in ever updating techno world. In-order to gain an industrial exposure, internship to the students is made mandatory which definitely will prepare the students to be industry ready. We have taken an initiative to sign the Memorandum of Understanding (MoUs) with different industries under Industry Interaction Cell. The faculty members along with PG students generally undertake live industrial problems and provide concrete solution which certainly speaks about the research culture in the academy which is the prime motive.

With this, I feel pleasure to express my heartfelt thanks to everyone and wishing the best for your future.
MESSAGE FROM DIRECTOR  NITIN M. MAGAR

In 18 years of our existence, we have achieved remarkable success and continues to forge its future with new program initiatives such as; a modern student centric curriculum, research endeavours, student engagement, professional training, faculty development, international collaborations, Industry partnerships and much more. Making transformative impact on students, faculty, industry, and society.

We subscribe to fundamental conviction that education is catalyst for positive change and cornerstone for building strong, resilient and enduring communities. It provides many opportunities to grow academically, intellectually, socially to end with well rounded global citizens.

As director, I am deeply committed to attract a body of highly talented faculty and diversified students dedicated to academic excellence, pedagogical sophistication.

Looking forward to serve and guide as many promising youths of this Nation!
IFA Assures a Generation of Better Professionals

Established in 2001, Indian Fashion Academy is a fashion, interior designing and Beauty academy that offers students a vast range of unique and tailored courses.

Our course offerings were created based on real industry demand to help prepare students for life after their education. Our courses are built with the thought of offering high level education in the fashion, Interior and Beauty field to teach valuable skill sets that future managers can use with confidence and efficiency and ultimately be leaders in the Fashion, Interior Design and Beauty Sectors.

Indian Fashion Academy has a track record of more than five thousand students passed out from Maharashtra & major parts of India. Our main objective is to not only train our students, but to also make them better professionals to join the competitive environment of the fashion, Interior Design and Beauty Sectors.

FASHION DESIGN

The school endeavors to nurture professionals who are competent and determined to excel in the field of design, fashion & textile. The programs are designed for students with multi-disciplinary backgrounds to garner their design skills and ideas in new & creative ways & combine these with research & practice. It creates opportunities for training in real life settings and contributing with innovation to the world of fashion. The credit and semester based courseware are focused on a practical approach through case studies, live projects, apparel displays, seminars, creative and technical workshops, lectures and classroom discussions along with industry visits and extension activities.

Learning Outcome
• Understand the different development phases of a fashion collection
• Develop the ability to dialogue with the different professionals in the fashion system
• Develop the creative, intellectual and technical skills and abilities necessary to operate successfully in the industry
• Apply current technologies and cutting-edge fashion techniques, demonstrating a thorough understanding of them.
• Acquire a professional and entrepreneurial approach to the design profession, demonstrating problem solving skills

BEAUTY COSMETOLOGY

Beauty Cosmetology is a field in the beauty industry that encompasses a wide range of hair, skin, and cosmetic services. Traditionally, cosmetologists are thought of as hair stylists, makeup artists or nail technicians. However, the growing areas of laser hair removal and permanent make up are part of cosmetology too.

We are proud to provide training & education in a wide range of skin, Hair, Make up and aesthetics treatments to produce students of the high caliber.

INTERIOR DESIGN

Interior Design is a dynamic discipline that has gained tremendous popularity among students in recent years. It improves spatial awareness in many different areas, including residential, hotels, hospitals, retail stores, commercial set ups and exhibition spaces, and is a versatile profession that requires a creative, imaginative and artistic mind that can execute and manage the design of a project.

Our Interior Design courses cover each different aspect of the process, from initial design to branding to project management to execution, with specific modules focusing on colour, drawing plans, space planning, furnishings, wall and floor finishes, furniture styles, lighting and best professional practice - all combining to put you on the right path towards becoming an interior designer.
